31st October 2022

Dear Parents,

Kindly note the change that we have made in the subjects that will be offered to our students in the **Humanities stream** from the academic year **2023** onwards.

Compulsory Subjects will be: English, Economics, History, **Political Science**

Optional Subjects will be: Psychology or Mathematics

Presently, Psychology is one of the compulsory subjects. After careful deliberation, it was felt that Political Science would offer the students of the Humanities stream a better and overall foundation and understanding.

Sincerely,

Mr. Naresh Chopra
(Administrator, Senior School)
