SUBJECT :- Music and Singing
STUDENT'S COPY

LEARNING OUTCOMES

Music Gives soul to the universe, wings to the mind, flight to the imagination and life to everything (Plato)

Philosophy and Purpose of Music Education

Music is a universal human endeavor which exists in various contexts in all cultures.

Music connects individuals and communities through the expression of thoughts and emotions.

Musical experiences enhance our lives and enrich our understanding of ourselves and the world.

music is a medium of self-expression.

IT enables the sharing of feelings, ideas and experiences. It has the capacity to cross cultural and social boundaries; it also helps us to understand culture through times.

Music plays important roles in encouraging social bond, strengthening social identities and national identity formation.

Music education therefore contributes to the appreciation and renewal of Indian cultural heritage and traditions.

Our music education philosophy embraces the belief that all children are musical and seek to develop their aural abilities to empower them, to appreciate and participate in music.
